

Professional Development Track

Are you pursuing professional licensure? (LMFT, LPCC, LICSW)

If so, you're eligible to participate in Nystrom & Associates' Professional Development Track!

After 12 months of providing Community-Based (CB) services, we will help you progress to Outpatient Therapy (OP).

Our Professional Development Track invests in you, to make you the best possible clinician you can be. You will receive valuable experience in our CB program that will help you make a positive difference as a mental health provider.

We have a plan to get you licensed in 24-30 months.

During this time you will:

- Receive board approved supervision for licensure
- Gain valuable experience in the field
- Have your entire exam costs covered
- Focus on continuing education

Once you're licensed, we have a job for you at the state's leading provider of high quality mental health and counseling services.

PHASE 1

- Hold CB Position for 12 months
- Receive **FREE Supervision**
- Pass written exam
(We'll cover the cost!)

PHASE 2

- OP New Clinician Training
- Create CB/OP Schedule

PHASE 3

- Complete 4,000 Clinical Hours
- Apply for Licensure
- **Transition to OP Therapist!**

“ I started in the Community-Based Program, and now I'm the Clinical Director of our Woodbury, MN and Hudson, WI clinics. The Community-Based Program helped me become independent, gain one of a kind clinical insight and experience, and helped me learn all the skills I still use on a daily basis in our Outpatient program. I truly don't know if I would be the therapist and director I am without my years in the Community-Based program. I am forever grateful that was part of my journey. ”

- Jennifer Fritz, Clinical Director
