

Nystrom Billing Policies and Consent for the Release of Records

If you plan to submit your own claims to your insurance company, it is our policy that payment of the entire fee is due at the time of service. As a service to our patients, Nystrom & Associates (Nystrom) staff will submit your insurance claims. If you fail to provide active insurance information in a timely manner you will be held liable for this. Co-payments are due at the time of service. Deductibles and coinsurances will be billed to your account. In the event the undersigned is entitled to health insurance benefits of any type, insuring patient or any other party liable to the patient, their benefits are hereby assigned to this health care facility for application to the patient's account.

Billing & Payments

By signing, you authorize Nystrom to release information, including medical records, to your insurance company or the designee of your third party payer (authorized agent) as may be necessary to determine benefits, process and pay health care claims, and perform quality of care reviews at Nystrom. Nystrom will submit charges to your insurance company whenever possible for services rendered. Payments will be applied to the oldest charge on your account. Charges are based on what occurs during your treatment with Nystrom. Charges associated with your appointment depend on your individual medical necessity and level of care, as determined by your treating provider.

Time billed for court appearances, court case review, report writing, letters, telephone consultation, and other charges excluded by insurance coverage are your responsibility. Charges vary based on time spent and type of service.

A service charge of 1.5% (18% annual rate), or the highest statutory amount allowed, whichever is higher, will be charged on accounts past due 28 days. If payment from insurance is not received within 90 days the account may be due and payable in full by the patient. An account 90 days past due will be subject to collection procedures and/or small claims court, and the patient agrees to be held responsible for the cost disbursement, including reasonable attorneys, collection, and court fees. Nystrom may use the information listed below to contact you regarding your account. There is a fee of \$30 for checks returned for insufficient funds. **Patients seen in Minnesota only:** Minnesota Care Tax will be added where applicable, and you agree to be held responsible for these fees.

Insurance Coverage

Nystrom can make no guarantee that your insurance company will provide payment for services rendered. It is your responsibility to know what is and is not covered under your policy. You are responsible for the full amount of the charge, whether or not your insurance will cover any portion. If your insurance company requires preauthorization of services you are responsible to inform us. Be aware that some insurance companies have an annual maximum benefit for outpatient mental health coverage.

Cancellations

Nystrom requires a 24-hour notice when cancelling an appointment. This will allow us to schedule the time for someone else. Please note: **IF YOU DO NOT ATTEND A SCHEDULED APPOINTMENT OR CANCEL WITH LESS THAN 24-HOUR NOTICE, YOU WILL BE CHARGED A FEE THAT CORRESPONDS TO THE SCHEDULED LENGTH OF YOUR SESSION.** Your insurance cannot be billed for missed appointments. At the discretion of Nystrom your services may be discontinued due to excessive failed appointments or late cancels.

Financially Responsible Party

The parent or guardian who signs this agreement will be considered the responsible party and will receive all billing statements and letters. Any alternative financial arrangements, including court-ordered financial arrangements, must be worked out between the parents or guardian of the children outside of this agreement.

Unclaimed Refunds

Please remember to read your invoices carefully and call us if you have any questions, especially if you believe there is a credit on your account. If Nystrom confirms that it owes you or your payer a credit refund, it will resolve that promptly. After 120 days, if a credit of less than \$25 remains on the account, and no credit refund has been requested it will be removed from the account. If Nystrom determines that it owes you a credit refund but cannot locate you, then Nystrom will file an Unclaimed Property Report with the State. The State publishes those Reports to alert the public that Nystrom owes you money that you have not yet claimed. The State typically publishes your name, your address, the amount unclaimed, and the identity of who owes you the money, which would be Nystrom and Associates.

Involuntary Discharge

There are certain circumstances in which Nystrom can involuntarily discharge a patient from services. These circumstances include, but are not limited to: abusing or selling prescription medications, obtaining similar medications from alternate providers, non-disclosure of regularly prescribed controlled medications, refusal to sign requested releases or attestation forms, threatening behavior towards staff or other patients, threatening litigation toward Nystrom or a Nystrom provider, and inability to pay for services (entering into collections process).

Attestation for Consent**Coordination with Primary Care Provider and other Nystrom Providers**

By signing, you authorize Nystrom to disclose your behavioral health records to your primary care provider for the purpose of coordinating care for best treatment outcomes. This consent will remain in effect until you cancel it in writing to Nystrom. In addition, you authorize Nystrom to disclose your behavioral health records and any and all substance use disorder (SUD) records to other Nystrom providers, including providers at Nystrom Residential Treatment LLC, for purposes of treatment coordination and care.

Electronic Signature

By signing, you understand that this becomes your electronic signature for the following forms: Initial Treatment Plan, Updated Treatment Plans, and the DBT Agreement Form. The provider will ask for your verbal consent after reviewing the forms with you.

Communication from Nystrom about Your Care

By signing, you authorize Nystrom to contact you via mailed correspondence, phone, text message, or email regarding your payment, treatment, and healthcare operations. Nystrom is not financially liable for any charges you incur from your service provider. By supplying your home phone number, mobile number, email address, and any other personal contact information, you authorize Nystrom and your healthcare provider, or a business associate of theirs, to contact you at any numbers or email addresses using an automatic telephone dialing system, using a pre-recorded voice or other third-party automated outreach and messaging system as well as to use your protected health information, or other personal or identifying information, during such contact for any administrative or health matter. You consent to the practice, your provider, or their business associate contacting you via unencrypted email and text messages. You also agree that they may leave detailed messages on your voice mail, answering system, or with another individual, if you are unavailable at the number provided.

Notice of Privacy Practices

By signing, you acknowledge that Nystrom's HIPAA Notice of Privacy Practices and Patient or Consumer Rights Handout, procedures for reporting alleged violations of patient's rights and grievance procedures have been made available to you.

This agreement may not be altered in any way. I have read and agree to the above and hereby guarantee payment of all charges for services with the financial arrangements of Nystrom.

NYSTROM & ASSOCIATES

Psychiatric Consent and Agreement Form

Thank you for choosing us for your care, it is important for you to read each of the following statements carefully. If you have any questions about the items below, please discuss them with your new provider at your appointment.

General:

- You are consenting to be evaluated and undergo possible medication treatment for your mental illness. Medication options will be discussed with you by your provider during your appointments. You may also be recommended to participate in other forms of mental health care treatment.
- Nystrom **does not offer** after-hours services. If you have a concern, please contact us using FollowMyHealth or by calling your clinic. During business hours, your message will first be triaged through our Psychiatry Triage Nurse Team.
- If you have an emergency, such as severe suicidal thoughts, thoughts to hurt someone else, or a severe drug reaction, you should call 911, 988 (for suicidal thoughts), go to your local urgent care, or go to the emergency room.
- Minors must have a Legal Guardian present at all appointments for treatment. If a guardian fails to attend the appointment, it will be cancelled and rescheduled. It is strongly recommended that an adult who is not their own legal guardian have their legal guardian present for all appointments.
- Release of Information is required for our providers to establish and provide ongoing care. Please complete a Release of Information for your Case Manager, any Substance Use Treatment Services, previous Psychiatric care including psychiatric hospitalization records. Medical records are vital to maintaining continuity of care and allow us to verify past/current medical and medication history.
- If you are disrespectful to any staff (including but not limited to yelling, foul language, bullying or harassing) or if you disrupt the care of other patients, we may end care with you.
- You may be asked to only use one pharmacy and your provider may talk with the pharmacist about your medications.
- You will be asked to participate in having vitals taken at a Nystrom location for monitoring purposes. This includes Height, Weight, Blood Pressure, and Pulse.
- You will be considered an inactive patient and unable to receive medication refills through Nystrom & Associates if you have not attended an appointment with your medication provider in a 12-month period.

Medication Refill Requests:

- You should contact your pharmacy or use FollowMyHealth first for all medication refill requests.
- Refill authorizations can take up to 5 business days.
- Early Refills of Controlled medications will not be authorized.
- Refills of ADHD/Stimulant medication, controlled sleep medication, or benzodiazepine will not be issued outside of appointments.
- Your provider may not grant early refills for any reason (i.e. lost, stolen, damaged) for any controlled medication.

Appointment Scheduling and Cancellations:

- Patients are responsible for scheduling their next appointments to avoid running out of medications between office visits.
- Appointments canceled without a 24-hour notice may be assessed a fee.
- If you miss 3 appointments with your medication provider, we will end care with you. You will be ineligible to schedule ongoing care for 12 months following your discharge from care.
- Many of our providers work with medical or nursing students. You should inform your provider if you do not want a student participating in your appointments.
- Therapy appointments cannot be scheduled for the same day as psychiatric appointments.

Forms/Letters:

- Our providers require an appointment to complete any forms. Any forms needing completion should be dropped off at the front desk or uploaded to our website at www.nystromcounseling.com. Your provider will review the forms and notify staff how long to schedule your forms appointment for. Any forms completed outside of an office visit will be assessed a fee, requiring prepayment.

Laboratory & Psychological Testing:

- Your provider will request you complete certain laboratory tests before initiating or continuing certain medications. Laboratory tests may include but are not limited to; saliva, hair follicle, urine, blood serum, electrocardiograms, psychological testing, genomic testing, etc.
 - Drug Screens, laboratory tests, and counts of remaining pills may be requested if you are taking controlled medications and must be completed within a 48-hour period.
- Laboratory testing is not available at all Nystrom locations. Laboratory testing fees are your responsibility. If your insurance plan will not cover the cost of laboratory, psychological, or other testing, you will be responsible for all costs incurred.

Billing and Insurance:

- A charge for psychotherapy in addition to a medication management billing code may appear on your billing statement. Psychotherapy is a standard psychotherapy add-on code that all Nystrom medication providers use to reflect psychotherapy services that occur in session. Psychotherapy is defined in Current Procedural Terminology (CPT) by the American Medical Association as “the attempt to alleviate the emotional disturbances, reverse or change maladaptive patterns of behavior and encourage personality growth and development” (2012).

Controlled Substance Medications:

- Patients are responsible for informing all other physicians of the controlled substance medication received through Nystrom & Associates. Likewise, patients will inform Nystrom & Associates medication provider of any other controlled substance medications received from another physician.
- Our providers may not prescribe standing doses of benzodiazepines with stimulant medications.
- Our providers must follow Nystrom & Associates prescribing and maximum dosing guidelines for controlled medications. If you are pregnant, have certain medical or psychiatric conditions, controlled medications may not be appropriate for you. If you are currently taking psychotropic medications, it is up to the clinical judgement of your new Nystrom & Associates Psychiatric Medication Management Provider whether they will continue them as they are currently prescribed.

- Our providers do not prescribe pain medication or medical cannabis. If you are taking narcotic pain medication, medical cannabis, have a history of substance abuse, or are not currently sober, our providers may not prescribe controlled medications to you. If you are taking medical cannabis, methadone, suboxone or other any other narcotic-based medications on an ongoing basis, controlled medications may be stopped while you are taking these other medications.
- If you sell, trade, share, fill early, or increase the dose of controlled medications on your own, these medications will be stopped and cannot be restarted during the duration of your care at Nystrom & Associates.
- Failure to notify your provider of any history of drug, alcohol, or prescription drug misuse may result in stopping any controlled medications.
- You can be found guilty of Driving Under the Influence (DUI) if taking these medications and driving.

Reason for Seeking Care

I would like to discuss the following symptoms or concerns in my initial visit with my provider: _____

Approximately when did these symptoms first begin? _____

Have these symptoms worsened recently? _____

How do these symptoms impair your ability to function, work, or relate to other people?

Has anything happened in the last year or so that has been very stressful for you such as serious health problems in your home or a family member, death of a close friend or family member, work stress, loss of job, loss of home, financial problems, legal issues, physical or sexual assault?

Current Medications

IF YOU ARE TAKING ANY PSYCHIATRIC MEDICATIONS, WE MUST HAVE A RELEASE OF INFORMATION FOR RECORDS FROM THE MOST RECENT PRESCRIBER (see page 5).

Please list ALL of your current medications and supplements in the table below:

MEDICATION	DOSE	NUMBER OF PILLS TAKEN			
		MORNING	NOON	AFTERNOON	BEDTIME
Example Medication (1 twice per day, 2 at night)	0.5MG	1	0	1	2

Allergies

Please list all medication allergies:

Medication History

Please check if you have EVER taken any of the following psychotropic medications:

Depression and Anxiety Medications			
Medication	(X)	Medication	(X)
Ascendin		Nardil/Phenelzine	
Anafranil/Clomipramine		Norpamin/Desipramine	
Auvelity		Pamelor/Nortriptyline

Purpose of Release	Records exchanged per patient request or _____	

I understand the following: a. I have a right to revoke this authorization in writing at any time, except to the extent information has been released according to this authorization. b. The information released in response to this authorization may be re-disclosed to other parties. c. My treatment or payment for my treatment cannot be conditioned on the signing of this authorization. d. Communications resulting from this authorization will reveal I have received services from NAL/FSSI. e. My health information is protected by federal regulations and state laws. Disclosure is only allowed with my authorization, except in limited circumstance as described in NAL/FSSI Privacy Policy. f. I have the right to inspect and receive a copy of my treatment records that may be disclosed to others, as provided under applicable state and federal laws. A photocopy of this authorization will be treated in the same manner as the original. This authorization shall be in force and effect until 1 year from date of execution at which time this authorization expires. . *Fees may be charged in accordance with MN Statute 144.292 and Federal Rule 45 C.F.R. \$164.524

Or legally authorized representative

Name (If not signed by patient): _____

NOTE: If signed by someone other than the patient, we need written proof of authority.

Representative's relationship to patient (parent, guardian, etc.) _____

DO NOT FORWARD TO ANOTHER PERSON OR AGENCY

Guidelines for completing your Authorization for Releasing of Confidential Information

Nystrom & Associates, Ltd. (NAL), and Family Support Services, Inc. (FSSI), recognizes the importance of patient confidentiality as well as the importance of coordinating care and treatment with other professionals, family, friends, and others involved in your care. Please review all items on this form and contact NAL/FSSI with any questions concerning this form at the below listed offices or website.

Patient Information: Complete this entire section with clear and legible writing so the information easily identifies the patient whose information is being requested/released.

Information to be Released: The purpose of this section is to indicate what information you wish to be shared. Please select the appropriate box or write in date range. Selecting Any/All authorizes NAL/FSSI to share or send your entire medical record.

Type of Communication: Use this space to indicate what method you would like records transmitted. If you would only like NAL/FSSI to have verbal communicate with the identified person/agency, select the Verbal & Email option. If you wish records to be transmitted to the person or agency, select the Medical Records option

Purpose of Release: Identify the reason you need to release/request information. This helps NAL/FSSI appropriately provide care and track releasing confidential information. It informs us who may be responsible for the cost of medical records being released and is required on each release. * Fees may be charged in accordance with MN Statute 144.292 and Federal Rule 45 C.F. R. §164.524 (when applicable).

Authorization and Revocation: Signing this form (or having the legal guardian sign for a patient) will grant authorization to share/receive confidential information. Please sign and date this form to validate this authorization. If signed by someone other than the patient, you will be required to provide written proof of your authority. Unless otherwise noted this consent will automatically expire in one year from the date signed. The authorization can be revoked or can be edited at any time at your written direction to our organization.

Helpful Tips:

- ✓ If requesting records, please allow 7-10 business days for processing of the Release of Information. In some cases it can take up to 30 days (45 CFR §164.524(b)(2)(i).
- ✓ For questions or concerns regarding this form please contact your NAL facility listed below.

ADULT Health Screening Questionnaire

Ages 18 and older
